Summary	Hello! I'm currently a second-year Computer Science and Engineering student, passionately diving into the world of technology and software development. My journey is focused on mastering Data Structures and Algorithms (DSA), as I believe they are the backbone of efficient programming and problem-solving. I'm actively enhancing my skills in full-stack development, exploring various programming languages and frameworks to create innovative solutions.	
Skills	Programming Languages C, C++, Typescript, Python, Java, Javascript	Database SQL, PostgreSQL
	Tools & Technologies Nextjs, Cloudflare, Tailwind CSS, Git, Vercel	Design Gimp, Figma, Adobe
Experience	<div>MSME-CITD Industrial Trainee Industrial Trainee MSME-CITD Hyderabad June 2023 - Nov 2023 Vijayawada, Andhra Pradesh</div> <p>During my industrial training at MSME-CITD Hyderabad Sub Centre Vijayawada, I got exposure to industry standards in product manufacturing and learned how low-level systems work. I explored meta-programming, compilers, and the basics of system operations.</p> <p>I also worked on circuit design using Proteus Design Suite, gaining hands-on experience in building and simulating circuits. This training helped me understand how things function behind the scenes in both hardware and software</p>	
Education	Lakireddy Bali Reddy College of Engineering College in Mylavaram, Andhra Pradesh	September 2024 - Present Bachelor Of Technology
	Aanm and Vvrsr Polytechnic COMPUTER ENGINEERING Percentage: 94%	Nov 2021 - Jun 2024 Diploma
Certifications	Certificate of Industrial Training Central Institute Of Tool And Design Nov 2023	
Projects	<div>MINIMALIST PERSONAL PORTFOLIO A sleek and interactive personal portfolio designed with a minimalist aesthetic. the project showcases creative design thinking, smooth animations ,and a highly responsive UI. Built using Tailwind CSS and ShadCN UI, the portfolio delivers a modern and elegant user experience Dec 2024</div> <div>SKILL-SWAP <i>Skill-swap is a peer-to-peer skill-sharing platform that enables users to learn and teach skills by exchanging knowledge with each other. Skill-swap eliminates the barrier of cost by allowing direct exchanges between users, fostering a community-driven learning ecosystem where people can grow together.</i> Jan 2025</div>
